TRUTHS WE CONFESS

BY R.C. Sproul

The Westminster Confession of Faith is one of the most precise and comprehensive statements of biblical Christianity, and it is treasured by believers around the world. Dr. R.C. Sproul has called it “one of the most important confessions of faith ever penned,” and it has helped generations of Christians understand and defend what they believe.

In *Truths We Confess*, Dr. Sproul introduces readers to this remarkable confession, explaining its insights and applying them to modern life. In his signature easy-to-understand style and with his conviction that everyone’s a theologian, he provides valuable commentary that will serve churches and individual Christians as they strive to better understand the eternal truths of Scripture.

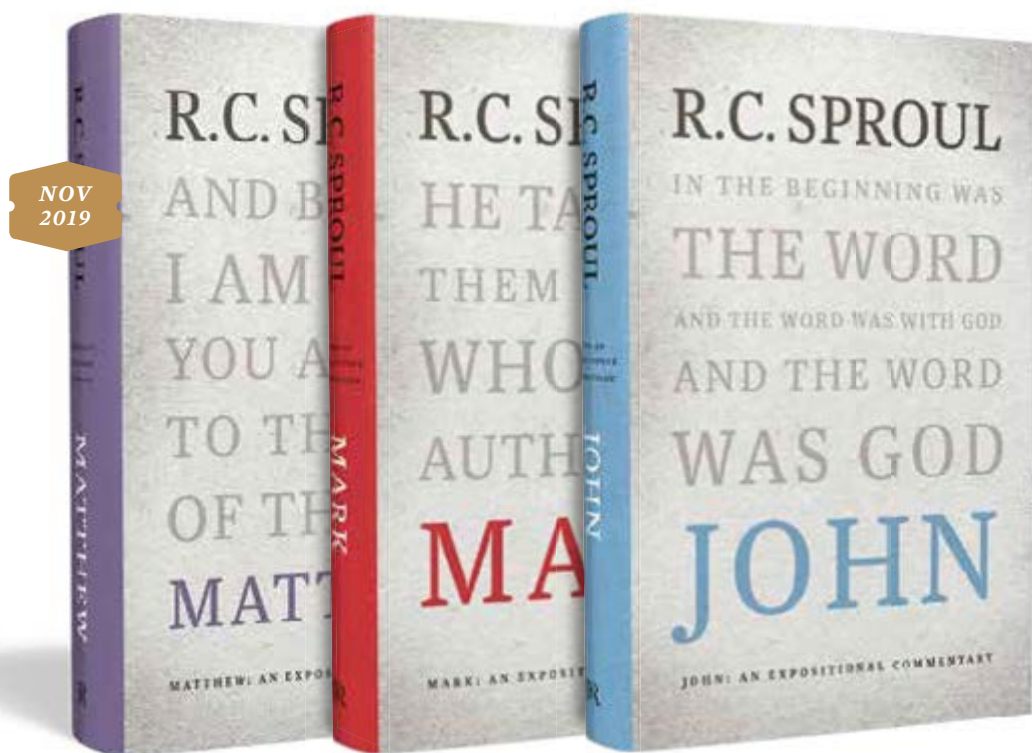

As he walks through the confession line by line, Dr. Sproul shows how the doctrines of the Bible—from creation to covenant, sin to salvation—fit together to the glory of God. This accessible volume is designed to help you deepen your knowledge of God’s Word and answer the question, “What do you believe?”

“One of the unexpected—and unexpectedly wonderful—surprises of the early twenty-first century is a revival of interest in Reformation-era theology. Nothing could be better for today’s ‘New Calvinists’ than to mine the riches of this historic tradition. They will find no better resource than the Westminster Confession and no better guide than Dr. R.C. Sproul.”

Dr. Sproul dedicated his life to making theology accessible, bringing the deep truths of God's Word to churches and classrooms around the world. In 1997, Dr. Sproul accepted a call to pastor Saint Andrew's Chapel in Sanford, Fla., where he adopted the ancient practice of preaching through entire books of the Bible. Week after week, he carefully walked his congregation through each chapter and verse, unveiling the rich treasures of Scripture. This series presents his sermons in a new format, allowing future generations to benefit from the insights of a trusted theologian and the fruits of a lifetime of biblical study.
